Australian Bureau of Statistics. Deaths, by single year of age for occurrence years 1964-1999.  
Data were received directly from Australian Bureau of Statistics.

Comments

(Deaths) Deaths by sex, single year of age and single year of occurrence for years 1964-1989 are used (Lexis squares). Cells containing 1 or 2 counts have been censored by the ABS. Since we have no marginal totals to match against, the value of 1.5 is imputed for all censored cells. These data were originally sent to Kirill Andreev from the ABS in 2001.
